Quiz App Description

Our project, Quiz app, is a web application where two players will compete against each other by attending a quiz containing 5 questions each.

Rules:

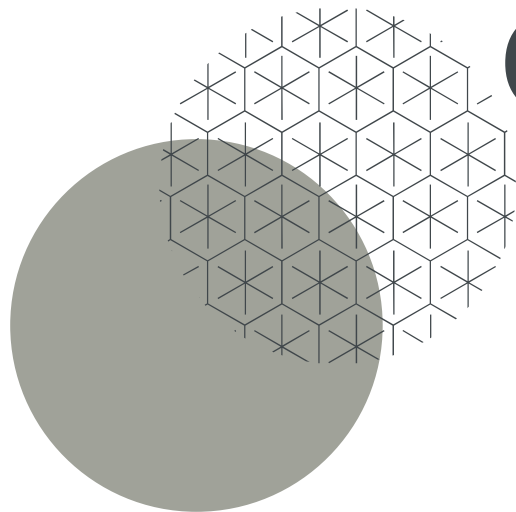

1. The one with the most correct answers will be declared as a winner.
2. The player can skip the questions and review the answers on the winner page.
3. If both the players got the same score, then the one who took least time to complete the quiz will be declared as winner

Features: Our project contains some extra functionalities like timer, progress bar, results review, etc.,

The background features several organic, hand-drawn style shapes in muted colors: a large brown shape on the left, a large light beige shape in the center, and a large grey shape on the right. A small, dark grey oval is positioned in the lower right. A black line drawing of a leafy branch is located at the top center, partially overlapping the beige shape.

Quiz Box

1. The player number is displayed at the top
2. There is a progress bar below the name which displays the progress
 - a. Below that there is a “seconds counter” which shows the time taken by a player to complete the quiz
 - b. Below that there is a question and 4 options, out of which only one is the correct answer
 - c. The player can either choose any one option or choose not to attempt the question by simply clicking on the submit button to save time
3. After Player 1’s turn, player 2 can start the quiz
4. The winner will be displayed right after player 2 submits

Default Player Page

The background of the slide features a large puzzle being assembled by four stylized figures. The puzzle pieces are in shades of blue, orange, and dark grey. Scattered around the puzzle are various educational and achievement icons: lightbulbs, checkmarks in boxes, medals, a graduation cap, and question marks.
